Web developer

SUMMARY

I am a Bachelor's of Engineering student with proficiency in HTML, CSS, JavaScript, Python, and computer concepts. My recent internship at Fuerte Developers Company equipped me with WordPress skills, web design, and plugin integration. I successfully led the launch of Deriwala.com, an online dairy delivery platform, and contributed to a food delivery project. I am passionate about applying my technical knowledge to real-world projects and eager to continue learning and innovating in the field.

EDUCATION

Government Engineering College, Rajkot

Bachelor's of Engineering in EC
2020 - present

S..N.D.T. High School

- Work Balancing
- Fast learning
- Good worker

PROFESSIONAL EXPERIENCE

Web Development Intern

Fuerte Developers Company | 06/2023 - 07/2023

- During this internship, I learned about WordPress technology.
- Understand how to design a website from scratch and use plugins in WordPress.

PROJECT

Deriwala.com

Led the development and launch of Deriwala.com, an online dairy delivery platform, streamlining the purchase and delivery of dairy products for customers

Food Delivery

The launch of a food delivery project, leveraging cutting-edge technology and logistics to provide on-demand food delivery to a wide customer base

website for Startup Business

This website was created using WordPress, a versatile and user-friendly content management system. Leveraging WordPress's robust features and plugins, we designed a dynamic platform with a home page, portfolio, blog, and shop pages.
